1. Must be a Fellow of the Philippine College of Surgeons (PCS)
2. Has completed both basic and advanced ultrasound courses approved by PSUS
3. Has completed the necessary requirements as set by the credential committee of each specialty.
 - a. Hepatobiliary and Pancreas (abdominal) 300 patients
 - b. Trauma (FAST) 50 patients
 - c. Vascular
 - d. Breast
 - e. Neck
 - f. Anorectal 50 patients
 - g. Urology
 - h. Ophthalmology
4. Must be approved by BOD of PSUS

II. Associate Member

5. Anyone who has completed the basic ultrasound course approved by PSUS.
6. Residents in training of a PCS accredited surgical training program with incorporated basic and advanced ultrasound training.
7. Residents in training of a PCS accredited surgical training without incorporated ultrasound training but has completed the basic ultrasound course approved by PSUS.
8. Must be approved of BOD of PSUS.

2. Adult Neurology (PNA Neurosonology Group)

I. Applicants should:

1. Pass the written examination given by the Group;
2. After undergoing the 40-hour didactic & workshop, perform 50 normal and 50 abnormal test on carotid duplex and transcranial Doppler;
3. Upon submission of requirements, will be certified by the PNA as competent in the performance and interpretation of both carotid duplex and transcranial Doppler exam.

- II. Graduates of Neurology residency program who have undergone Stroke fellowship with rotation in neurosonology for at least 4 weeks, neurology residency training with rotation in neurosonology for at least 4 weeks or PNA fellows who has undergone training in neurosonology, can be certified upon submission of requirements of the membership committee.
- III. Neurosonology Technicians are also certified by the Group upon completion of the didactic requirements, passing the examination and performance of 50 normal and 50 abnormal tests.

3. OB-Gynecology

- I. Total Number of Cases - 300
 - OB - 75 to 80%
 - Gyne - 20 to 25% (Gyne 1/5 abdominal; 4/5 vaginal)

An applicant is given at least 3 years from the date of application to complete these cases.

Should the applicant wish to be accredited in Breast Ultrasound, he/she will be asked to submit:

- 50 cases (25 pathologic, 25 physiologic on diff. phases of reproductive period, and;
- 100 hrs postgraduate course on Breast Ultrasound (40 hrs. didactics; 60 hrs. hands-on)

4. Radiology/General Sonology (USP)

- I. 770 Cases (OB-Gyne : 300 cases; 70-75% OB; 20-25% Gyne)
 - (1/5th Abdominal Sonogram; 4/5th Transvaginal General Abdominal/Small parts/cranial ultrasound - 470 cases)

Should the applicant wish to be accredited in Breast Ultrasound, he/she will be asked to submit:

- 50 cases (25 pathologic, 25 physiologic on diff. phases of reproductive period, and;
- 100 hrs postgraduate course on Breast Ultrasound (40 hrs. didactics; 60 hrs. hands-on)

5. Pediatric Neurology (CNSP)

- I. Compilation of >100 cases to be completed from date of application

6. Pediatric Gynecology (PAGSPHIL)

- I. 100 Cases Pedia-Gyne (Trans-Ab, Transrectal, Perineal)
II. 50 Cases OB (Fetal Measurement)

7. Neonatology (FPIP)

I. Cranial	40
Echocardiography	60
Abdomen	30
Renal	40
Vascular, optional	_____
Total	170 Cases

8. Perinatology

- I. Doppler Velocity 100-200
II. Congenital Anomaly Scanning 100-200
III. Detailed Congenital Anomaly Scanning (3D/4D) 50-100
IV. Sonoembryology 100-200
V. Nuchal Translucency Scanning 50-100
